2022

Primary Level

Dalumpinas Integrated School Dalumpinas Este, City of San Fernando, La Union

2012

Experience

Capstone

Agrilako: agricultural e-commerce system for la union sellers and buyers (Capstone)

Developed a web-based admin system for the Office of the Provincial Agriculturist (OPAG) to manage agricultural data and cooperative activities. Built a mobile application for sellers (cooperatives) and buyers in La Union to list products, place orders, and track transactions. Collaborated with government staff and local cooperatives to align system features with real-world needs. Conducted testing, debugging, and deployment to ensure system reliability and user accessibility. Prepared documentation and assisted in training sessions for staff and cooperative members.
